Auto-Set® CFS Series

The automatic resetting Auto-Set® Counter Fire and Smoke Rated Model CFS shutter can be designed to accommodate almost any opening variation up to 8.5 metres in width and 3.5 metres in height for both interior and exterior applications. Unlike conventional counter shutters the Auto-Set® Model CFS is easily tested and reset by on site building personal.

Auto-Set® Model CFS fire shutters can be designed to accommodate almost any opening variation. They are available in a variety of colours and finishes including McKeon sterling gray, powder coat or stainless steel and can be manually, hand crank or motor operated.

- 1 Hood
- 2 Fire Door Motor Operator
- 3 Curtain Slats
- 4 Guides
- 5 Bottom Bar
